Public Comment:

Dennis McQuillan of Kewadin commented on the work done to correct water runoff on Sutter Road. He asked if there was an environmental study done. Tip of the Mitt and Antrim Conservation District consulted an engineer to correct the problem. The project cost \$1000 for Milton. S. Ball said the area was washing out and eroding. McQuillen said the project isn't accomplishing anything it set out to do. It is a complete failure. I have video to show how the water is running. This has created a parking issue and a safety issue. It took a lot of our access away and didn't solve the problem.

Scott Briggs said he's fished that access for the last 30 years. The erosion didn't become a problem until they put those steps in. The access we had which was previously walkable is now covered with big rocks. Don't we want our accesses accessible to the general public? Is there a way to rectify the situation? We will be in touch with Tip of the Mitt and Soil Erosion.

Discussion of overnight parking at park.

Discussion of Marc and Pauline Gilbert survey. He's considering a lot split on the adjacent parcel he's trying to purchase. Because it's part of the plat, the township board will need to make the decision on the lot split. I have reviewed this with the assessor, and we have no problem with it.

Motion to approve the Gilbert lot split with the condition of the roof removal and meeting the setbacks by Pharo / S. Ball. Motion carried.

Discussion of road end accesses. Update on both Campbell Rd. and Winters Rd.

Tom Paradis asked about the split rail fence at Campbell Rd. Weinzapfel stated that there are some issues with the road end itself that need to be corrected before we put that up.

Public Comment

Tom Paradis asked regarding the status of the Maplehurst property. Bargy said we probably won't get the grant this year. Paradis is concerned that people think it is now township property. There has been an increase of people on the property. They need to know that it is still private property.

Dennis McQuillan asked about how he can get the Sutter Road End access restored? Bargy agreed to take a look at the options.
