### "911" Address Sign Program

**"We can't help you . . . . If we can't FIND you!"**

Every second counts during a fire, police, or medical emergency. Valuable time can be lost if your house number is not clearly posted where emergency responders can see it. Police officers, firefighters and EMS responders can't provide lifesaving services to you and your family if they cannot find your house. The Milton Township Fire Department is offering to provide you with a highly-visible sign in order for responders to locate residences in a more timely manner, potentially saving time....and lives!

**"Do I really need one of these signs?"**

Ask yourself... Can your house be found easily by passing cars? Can it be found quickly in an emergency? How about at night? Or from a distance? When seconds count?

Try this... drive or walk up and down your street. Put yourself in the position of a rescuer that's responding to your house in a life-or-death situation. Can your house number be seen clearly and easily from the street....and especially at night? (Remember, YOU may know where you placed your numbers, but an emergency responder will most likely NOT know!) Rescue personnel will tell you that finding the correct resident is one of the most difficult parts of responding to an emergency. Wasted minutes and seconds can mean the difference between life and death.

The Milton Township Fire Department recommends installing your "911" address sign on a mailbox post, pipe post, or steel post on the same side of the street that your house is located.

If you would like more information regarding reflective address signs please contact the fire department at 231 264 6694 or [miltontwpfd@gmail.com](mailto:miltontwpfd@gmail.com). The firefighters will be glad to install the sign for you if you are unable to do so. You may also contact the Antrim County Equalization Department at 231 533 6320.
