

Department News

Department will be conducting training burns at the Maplehurst property in April

Received 2% Tribal Grant \$3083 – for the purchase of Ice rescue suits

New Rescue/Engine update - Truck has completed final inspection at Spartan in South Dakota. Is now at CSI at Grayling for graphics, and minor adjustments and additions, full training upcoming in the near future. Truck will be on display at FDIC this year in Indianapolis, Indiana end of April - a huge honor for our department - Spartan chose our truck due to the complexity and safety items of this apparatus. Looking at putting unit in service sometime this summer. Extensive training will be required for all members.

Knox Box Program - residential use is doing quite well; 6 homes in the township have working Knox Boxes.

We are currently out of "smoke alarms". We really appreciate community taking part in the program and we will look at getting more alarms in the near future to continue assisting our community.

911 address sign program is doing very well. Please continue to help us find you by installing a sign.
